

Benefits

Some of the benefits that have been reported during independent studies in the USA:

1. Supports cardiovascular health
2. Enhances blood to flow to vital organs.
3. Combats the negative effect of premature cardiovascular aging.
4. Sweetened with xylitol to enhance oral health.
5. Great-tasting citrus berry flavor.
6. Anti-aging benefits.
7. Supports healthy sexual performance.
8. May aid in decreasing body fat
9. Maintains healthy blood sugar levels already in the normal range.
10. May boost energy level.

As with any nutritional product, please consult your doctor before use, especially if pregnant, lactating, or have a known medical condition.

Instructions

Mix one scoop serving (1 scoop providing 5g elemental l-arginine) with 120-240 ml of water (depending on individual taste). Stir to dissolve. If water is very cold, mixture will take about 1 minute to dissolve.

PROARGI-9 PLUS

ITEM NO. 74164

Net Wt 300g

ProArgi-9 Plus is Synergy's top selling product and the cornerstone of any nutritional regimen.

One serving contains 5,000 mg (5 grams) of elemental pharmaceutical grade l-arginine. Often referred to as the "miracle molecule," l-arginine has potent health-enhancing properties.

The remarkable properties of l-arginine were validated by the 1998 Nobel Prize in Medicine, and since then have created a frenzy of interest in the pharmaceutical and nutraceutical fields. The efficacy of l-arginine as a therapeutic agent has been validated by thousands of scientific clinical studies.

ProArgi-9 Plus was formulated in collaboration with leading l-arginine researchers such as J. Joseph Prendergast and other cardiovascular specialists who have conducted pioneering research in the proper application of l-arginine in promoting cardiovascular health. These experts have helped create the best l-arginine product on the market.

L-arginine is best known for its cardiovascular benefits. In the

body, l-arginine is converted to nitric oxide, which relaxes the blood vessels. This reduces stress on the heart and improves circulation. L-arginine is the body's major source for nitric oxide synthesis. Without nitric oxide, human life would not be possible. L-arginine also reduces blood viscosity. Scientific studies have shown that l-arginine significantly reduces blood pressure levels.

L-arginine also enhances health in a number of other ways. It can: improve immune function, stimulate the release of human growth hormone (HGH), promote healthy sexual function, boost energy levels, help to build muscle, and reduce adipose tissue body fat.

ProArgi-9 Plus is a unique product with great taste, potentially far-reaching health benefits and powerful support for the cardiovascular system. With ProArgi-9 Plus, you're giving your body some of the support necessary for a long, healthy life.

This product is not a replacement for a varied and balanced diet and a healthy lifestyle.

Ingredients: L-arginine base, l' citrulline powder, Citric Acid Xylitol, Malic Acid, Pomegranate Fruit Powder, Silicon Dioxide, Sucralose (sweetener), Pyridoxine Hydrochloride B6, Cholecalciferol D3, Folic Acid, Cuanocobalamin B12.
